SKI AREA

A FABULOUS SKI AREA, AN EXCLUSIVE RESORT FOR FAMILIES

Between the forest of Montchavin and the Bellecôte glacier, the ski area of La Plagne has 225km of pistes, a beautiful variety of landscapes and optimum snow! That's not all: its link to the Paradiski ski area gives you access to one of the largest ski areas in the world! Two glaciers, 70% of the ski area above an altitude of 2000m and state-of-the-art technological equipment ensure that the ski area has exceptional snow coverage with ample opportunities both for beginners and for experienced skiers. For snowboarders, the snow park has an area reserved for beginners: a great opportunity to get started! At an altitude of 2050m, the Belle Plagne resort has protected architecture, in wood and stone, with reasonably sized apartment buildings. As a completely pedestrianised, ski-in, ski-out resort, Belle Plagne offers a quiet après-ski scene and magical views.
